

Payment Reductions Jeopardize Access to Care for Patients

An Audiologist's and SLP's ability to provide consistent access to care for their patients and maintain their business is threatened by payment reductions from all payer sources (e.g., Medicare, Medicaid, Private Payers).

ACTION NEEDED

Payment cuts are imposed across payers and take a variety of forms.

Of the nearly 4,000 survey respondents...

47% experienced Medicare Reductions

27% experienced Medicaid Reductions

45% experienced Private Insurer Reductions

45% experienced Prior Authorization Denial

27% experienced Post-Payment Review Denial

Survey respondents shared that they **increased their fee schedule rates** to maintain viability, which has an increased **detrimental impact on uninsured patients** or those paying out of pocket.
