

How to Prepare for Speech Therapy Using Principles of Motor Learning

SIGN UP

LOGIN

WEBINAR / COURSE DETAILS

Childhood apraxia of speech (CAS) is a motor-based speech disorder; therefore, speech therapy for children with apraxia must be based on the principles of motor learning (PML). Using a traditional articulation approach will not be adequate in increasing the reliability and flexibility of the child's speech motor planning system. Join Cari as she outlines how the speech-language pathologist prepares for speech therapy using PML.

OFFERINGS

LIVE WEBINAR

February 22, 6:00 - 7:30 pm EST

To be eligible to receive ASHA CEUs for this course offering, the exam, course evaluation, and CE opt in form must be completed and submitted by March 14, 2022 11:59 pm EST.

ideas

This course is offered for 0.1 ASHA CEUs

Intermediate Level: Instruction at the Intermediate Level assumes some familiarity with the basic literature as well as some experience in professional practice within the area covered and is targeted for more experienced professionals. The pace of the training and difficulty of concepts presented require more advanced knowledge and skills than the Introductory Level. Examples used at this level are often based on recent research and case studies that are complex in nature.

PRESENTER(S)

Cari Ebert

MS, CCC-SLP

Cari Ebert, MS, CCC-SLP is a pediatric speech-language pathologist in the Kansas City, Missouri area. She received her bachelor's degree from the University of Iowa in 1993 and her master's degree from Southern Illinois University at Carbondale in 1995. Cari is a therapist, consultant, author, product developer, and nationally recognized speaker who gets paid to do what she loves most—TALK! She specializes in autism, apraxia, and early intervention. Cari's son has dual diagnoses of autism and apraxia, allowing her to engage audiences both as a professional and as a parent of a child with different abilities. In 2018, Cari co-authored a book with Dave Hammer titled, "The SLP's Guide to Treating Childhood Apraxia of Speech." In 2020, Cari released a book on autism titled, "The Learning to Learn Program." Visit her website www.cariebertseminars.com to browse Cari's wide variety of speech therapy and early intervention products.

DISCLOSURES

Speakers - Financial

Cari Ebert is co-author of the book "The SLP's Guide to Treating Childhood Apraxia of Speech" which she will reference in this session.

Speakers - Nonfinancial

Cari has no relevant nonfinancial relationships to disclose.

Course - Content

This course will include discussion of apraxia speech therapy products that were created by Cari Ebert. Other similar speech therapy products will also be discussed.

Course - Financial Support & In Kind

This course, and all courses in SLP Summit January 2022, are being sponsored by SLP Now and SLP Toolkit.

AS A RESULT OF THIS ACTIVITY, PARTICIPANTS WILL BE ABLE TO...

- 1 Describe the four factors related to motor learning
- 2 Explain the difference between knowledge or performance feedback and knowledge of results feedback
- 3 List 5 examples of multisensory cues that can be used to support speech motor planning skills

AGENDA

5 mins	Introduction
10 mins	Pre-practice
10 mins	Target selection
10 mins	Conditions of practice
10 mins	Conditions of feedback
15 mins	Use of multisensory cues

PARTICIPATION AND COMPLETION REQUIREMENTS

Participants must provide course feedback and pass a course exam with a score of 80% or higher in order to receive a certificate of completion for certification maintenance hours (CMHs). Additionally, participants must complete a final opt in step for your completion to be submitted to the ASHA Continuing Education Board.

ASHA CEUs are awarded by the ASHA Continuing Education Board once eligibility requirements are met. The exam, course evaluation, and CE paperwork for this course must be completed by the date outlined for the course offering. If you do not correctly and completely finish all steps by the deadline, you will not be eligible to receive ASHA CEUs for this course. If you have questions about this process, email us at hello@bethebrightest.com.
