

**National Summary Report: Descriptive Statistics of PRAXIS Examination Scores for the
Audiology Specialty Test for Test Administration Years
September 2014 – August 2015 through September 2024 – August 2025**

The following tables present descriptive statistics on the PRAXIS audiology test for all exam participants (Table 1) and for those individuals who have earned a bachelor’s degree plus additional credits, earned a master’s degree, earned a master’s degree plus additional credits, or earned a doctoral degree (Table 2) for test administration years *September 2014 – August 2015 through September 2024 – August 2025* and who have identified ASHA as a score recipient.

Table 1. Audiology – All Exam Participants (Includes all scores from multiple test takers)

Test Year	Count	Mean	Standard Deviation	Pass		Fail	
				Count	Percentage	Count	Percentage
2024-2025	692	166	12	496	71.7%	196	28.3%
2023-2024	735	165	12	502	68.3%	233	31.7%
2022-2023	679	166	11	464	68.3%	215	31.7%
2021-2022	598	167	11	441	73.8%	157	26.3%
2020-2021*	239/376	176/167	10/11	190/275	79.5%/73.1%	49/101	20.5%/26.9%
2019-2020	632	176	10	509	80.5	123	19.5
2018-2019	576	177	9	470	81.6%	106	18.4%
2017-2018	733	177	10	602	82.1%	131	17.9%
2016-2017	730	178	9	636	87.1%	94	12.9%
2015-2016	712	179	9	645	90.6%	67	9.4%
2014-2015	672	178	10	575	85.6%	97	14.4%

Table 2. Audiology – Only exam participants who reported their educational level and who have earned a bachelor’s degree plus additional credits, earned a master’s degree, earned a master’s degree plus additional credits, or earned a doctoral degree (Includes all scores from multiple test takers)

Test Year	Count	Mean	Standard Deviation	Pass		Fail	
				Count	Percentage	Count	Percentage
2024-2025	134	164	12	86	64.2%	48	35.8%
2023-2024	258	166	12	189	73.3%	69	26.7%
2022-2023	245	165	11	166	67.8%	79	32.2%
2021-2022	289	168	12	220	76.1%	69	23.9%
2020-2021*	101/184	175/166	11/12	78/135	77.2%/73.4%	23/49	22.8%/26.6%
2019-2020	281	177	11	233	82.9%	48	17.1%
2018-2019	270	177	9	226	83.7%	44	16.3%
2017-2018	290	177	10	239	82.4%	51	17.6%
2016-2017	293	178	10	248	84.6%	45	15.4%
2015-2016	330	179	9	301	91.2%	29	8.8%
2014-2015	327	177	10	270	82.6%	57	17.4%

***The Praxis Audiology 5342 test was regenerated and replaced by the Praxis Audiology 5343 test to align with the 2020 Standards and Implementation Procedures for the Certificate of Clinical Competence in Audiology. The scaled score range of 100-200 has a passing score of 162 for the Audiology test (5343) effective September 1, 2020. Although most licensing entities moved to the new test starting September 1, 2020, the Audiology test (5342) was available through August 2021. The table presents 2020-2021 scores for both versions of the Audiology test (i.e., 5342/5343).

***ETS implemented a new scaled score range for the audiology exam in January 2013. The new scaled score range of 100-200 has a passing score of 170. The old score range was 250 to 990 with a passing score of 600. Beginning with the 2013-2014 test year, the means and standard deviations only reflect the new scaled score range of 100-200.

Prepared by the American Speech-Language-Hearing Association (ASHA), Surveys and Analysis Unit (October 2025)
